PUBLIC NOTICE

GSA-APPROVED ISO/IEC 17020 ACCREDITED INSPECTION AGENTS FOR USED MOTOR VEHICLES

FlexiPass Programme • Pre-Shipment Verification of Conformity (PVoC) under GS 4510

The Ghana Standards Authority (GSA) hereby informs the general public, vehicle importers, dealers, distributors, manufacturers, shipping and clearing agents, and all stakeholders in the automotive industry that all used motor vehicles destined for Ghana must be inspected before shipment by a GSA-approved inspection agent, in accordance with **GS 4510** and its administrative framework, under the **FlexiPass Programme**.

GSA has approved the two ISO/IEC 17020 accredited inspection bodies below. Together they operate more than 100 inspection locations in 15 countries across five regions, covering the principal markets from which used vehicles are exported to Ghana. **Only inspection results and certificates issued by these agents are recognised by GSA under the FlexiPass Programme.**

1. APPROVED INSPECTION AGENTS

AUTOTERMINAL JAPAN (ATJ)

Head Office: 1-17-69 Shiohama, Kisarazu, Chiba 292-0838, Japan

Tel: +81-438-30-7488 **E-mail:** ghanapvoc@inspections.jp

Website: www.inspections.jp

Accreditation: ISO/IEC 17020

Network: 56 inspection centres in 15 countries

EAA COMPANY LIMITED (EAA)

Head office: 1-20-5-101 Rinkan, Yamato-shi, Kanagawa 242-0003, Japan

Tel: +81 46 205 7611 **E-mail:** info@eaa-s.jp

Web: www.eaa-s.jp

Accreditation: ISO/IEC 17020

Network: 48 inspection centres in 11 countries

2. WHY YOU CAN RELY ON FLEXIPASS INSPECTIONS

- **Accredited competence.** Both agents are accredited to ISO/IEC 17020, the international standard for inspection bodies, which requires demonstrated technical competence, impartiality, and independence from the sale of the vehicle.
- **One standard, worldwide.** Every vehicle is inspected against the same requirements of GS 4510, whichever country or centre it is inspected in.
- **GSA oversight.** Agents operate under GSA approval and are monitored by GSA for compliance with the programme's administrative and technical requirements.
- **Inspection at source.** Non-conforming vehicles are identified before shipment, protecting buyers from paying freight and duties on unsafe or non-conforming vehicles.
- **Mobile inspection services.** Where a fixed centre is not convenient, the agents provide mobile inspectors who attend the exporter's yard, auction site, port terminal or premises by appointment.
- **Expanding coverage.** EAA and ATJ have committed to extend coverage in the United States and other regions as volumes require.

3. HOW TO GET A VEHICLE INSPECTED

1. **Choose an agent.** Select an approved agent with a centre nearest the vehicle (Section 5) or request a mobile inspection.

- 2. Submit an inspection request.** Complete the GSA Pre-shipment Inspection Request Form and submit it, with the vehicle and export documents, to the agent's country or regional desk before the vehicle is shipped.
- 3. Inspection to GS 4510.** The vehicle is examined by the agent's accredited inspectors at the centre or on site.
- 4. Certificate or rejection.** A vehicle that conforms to GS 4510 receives its FlexiPass inspection certificate and may be shipped. A vehicle that does not conform will not be issued a certificate and will not be permitted to be exported to Ghana.

4. FLEXIPASS INSPECTION FEES

Fees are set by country of origin of the vehicle. Ghana's FlexiPass fees are at or below the standard global PVoC rates.

Country of Origin	FlexiPass Fee for Ghana (USD)	Standard Global PVoC Fee (USD)
Japan	200	200
Korea, Singapore and other Asian countries	250	300
People's Republic of China and India	250	400
United Arab Emirates	250	300
United Kingdom and European countries	300	400
United States of America, North and South America	300	400
African countries	250	400
Australia, New Zealand and others	300	400

5. GLOBAL INSPECTION NETWORK

Summary of inspection locations by region and country. Full addresses follow, grouped by region.

Region	Country	ATJ centres	EAA locations

6. IMPORTANT ADVISORY

- **Use only approved agents.** Inspections or certificates from any other entity will not be accepted under the FlexiPass Programme.
- **Inspect before shipping.** Importers should instruct their exporters to arrange inspection before the vehicle is loaded.
- **Verify before you pay.** If in doubt about an inspection centre or certificate, confirm with GSA or the agent's official contact listed in this notice.
- **Pay only the approved fee.** Report any request for payment above the fees in Section 4 to GSA.
- **Updates.** This list may be revised as the network expands. The current list is published on www.gsa.gov.gh.

For further information, contact the GSA Vehicle Homologation Unit: auto@gsa.gov.gh | Tel: +233 303980177 / +233 256061634 / +233 557088261
